Enrolment processes

College provides

Pathways to higher learning and employment,
skills for lifelong learning

Pathways include

**ACT Senior Secondary
Certificate**

**Tertiary Entrance Statement
with an Australian Tertiary
Admission Rank (ATAR)**

**Vocational Certificates and
Statements of Attainment**

ACT Senior Secondary System

School based curriculum and assessment system overseen by BSSS (ACT Board of Senior Secondary Studies)

The BSSS approve all courses run in colleges

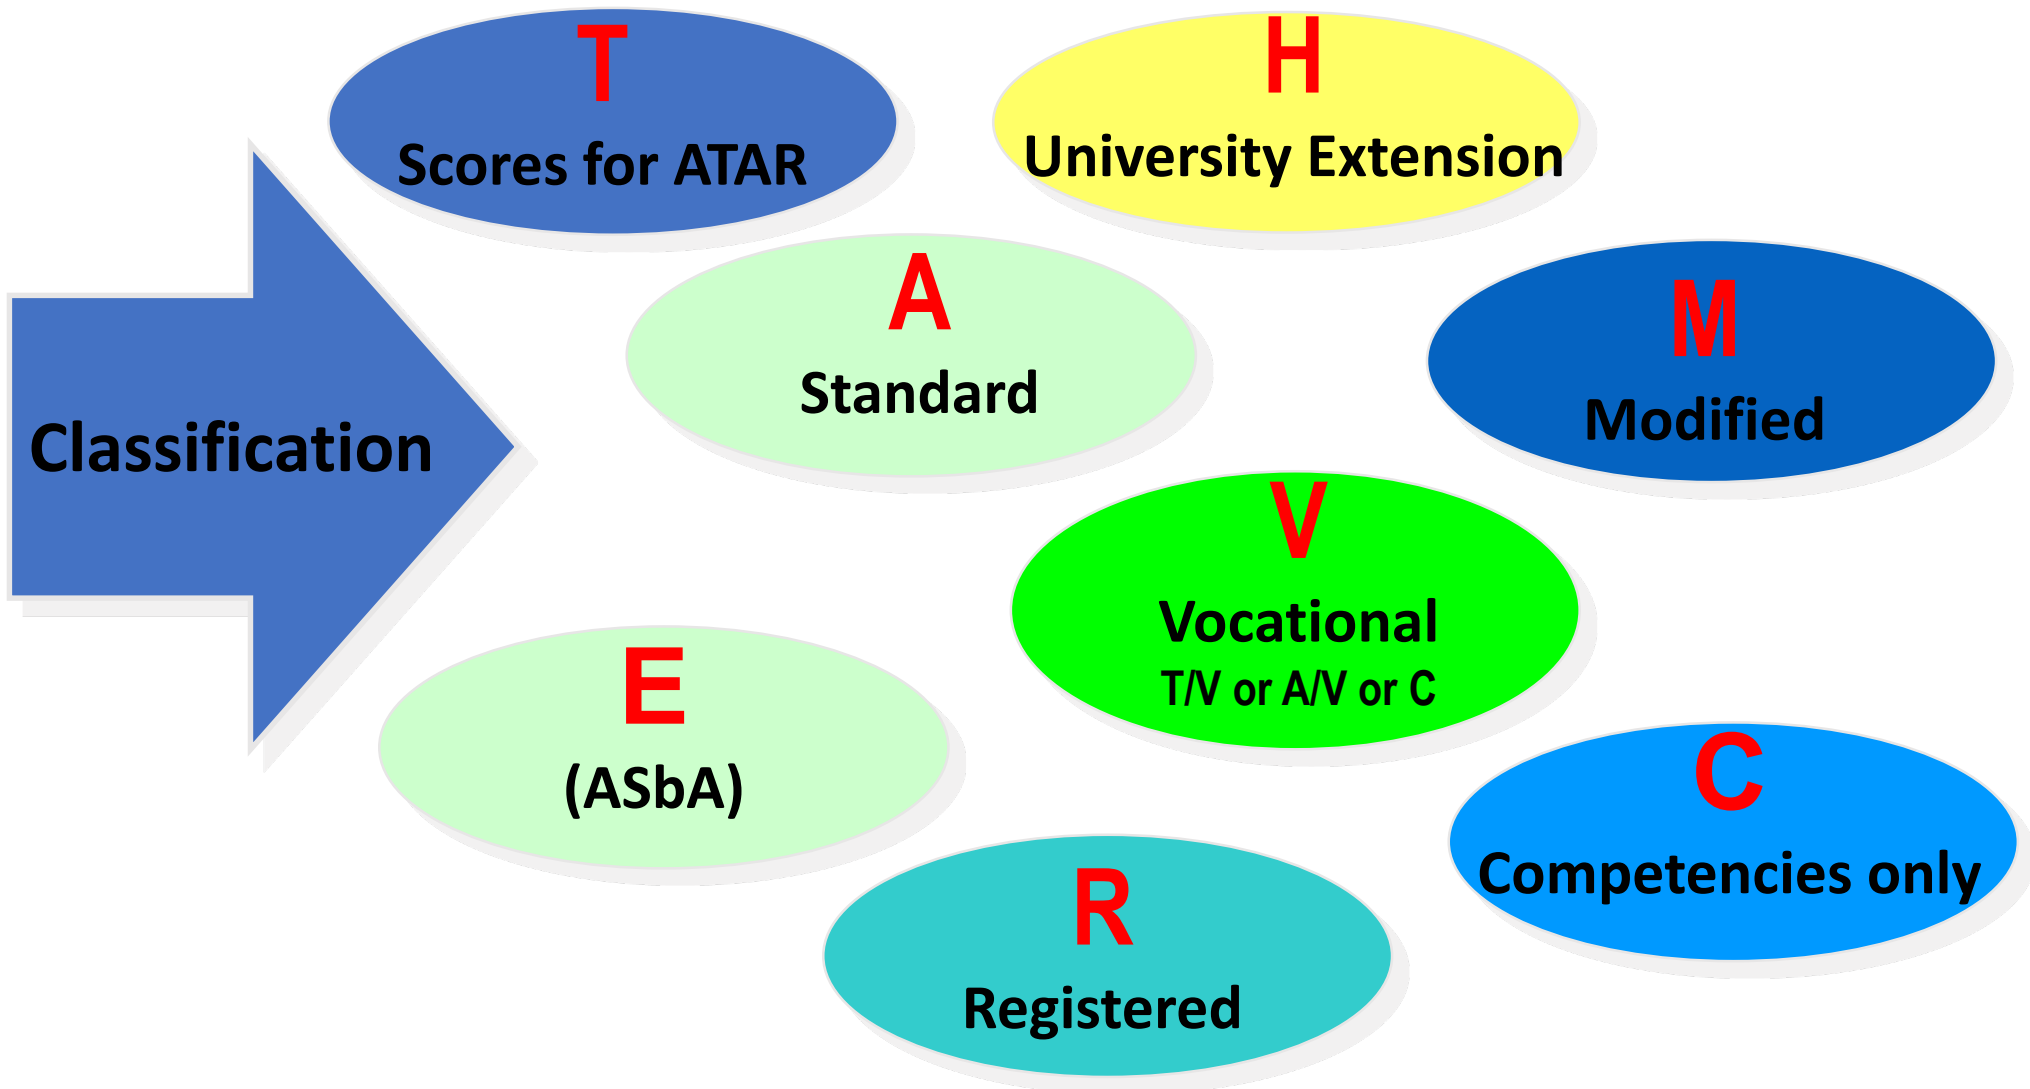

Colleges determine which courses to offer

English is a compulsory course

Continuous school-based assessment

No external exams for any subject

Types of courses

Vocational Education and Training (VET)

Certificate I, II and III

Competency assessment and, for some, participation in work placements

Australian School-based Apprenticeship (ASbA)

An ASBA offers students, 15 years of age or over, the opportunity to achieve a nationally recognised vocational qualification by combining paid work and training as part of their education program

How do I select my courses?

Do subjects you like and are good at

Look at possible prerequisites for future study

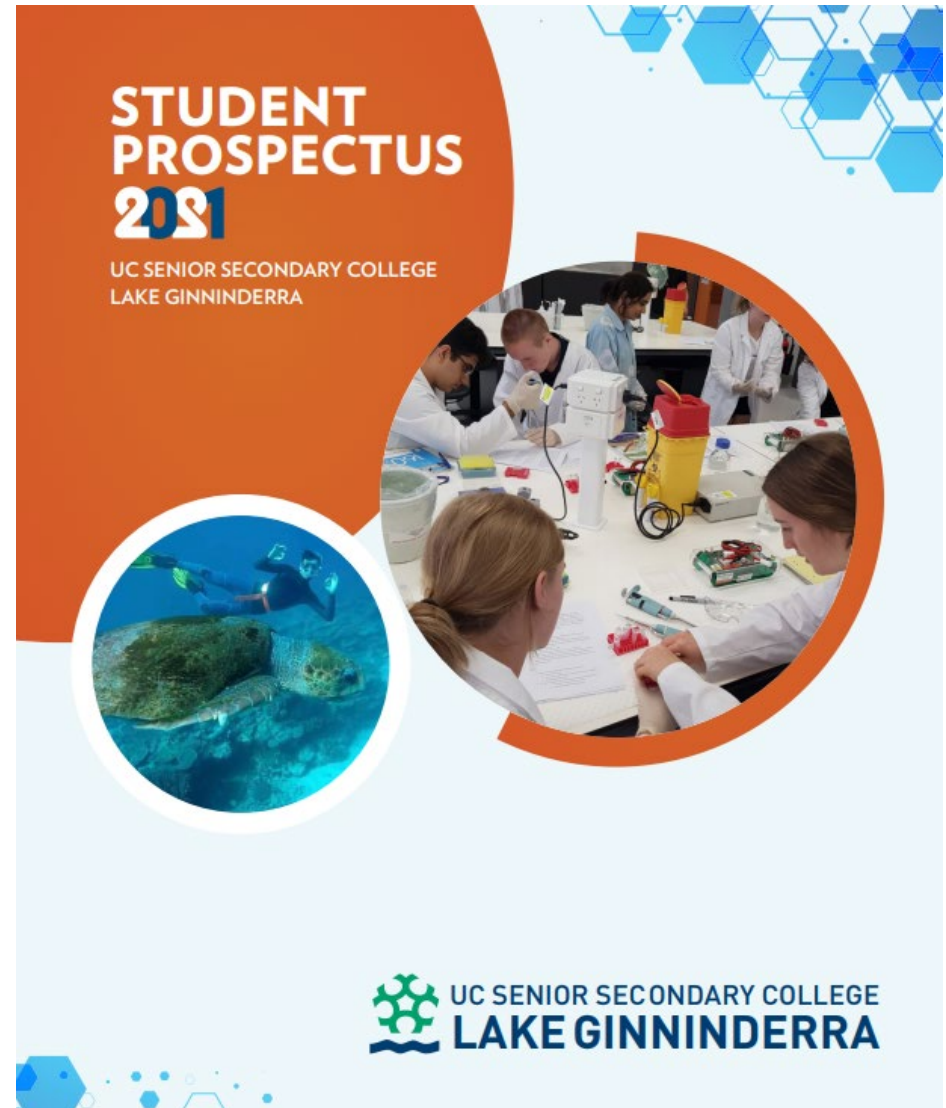

Don't pick subjects because you think they scale well

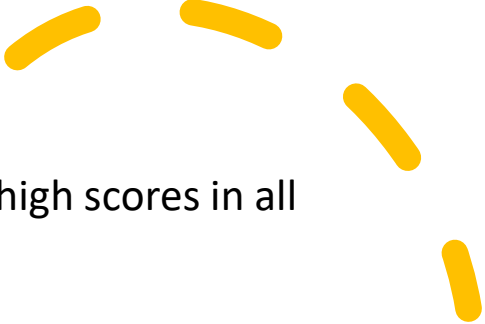

Students are ranked in T subject groups

How you compare to your peers in assessment defines your rank and score in the subject group

All T subjects can produce high scores

Enjoy your study – something you're passionate about

You can, and do,
achieve high
scores
in all courses

FACT

- Students can and do achieve high scores in all courses
- Some subjects historically have scaled scores slightly higher than others
- This varies
 - year to year
 - subject to subject
 - college to college
- It depends each year on how the students studying that subject perform in the AST
- AN INDIVIDUAL'S COURSE SCORE DEPENDS ON HOW THEY PERFORM COMPARED TO OTHERS IN THEIR YEAR AND SUBJECT

What courses should you select?

- What post-college options do you want?
- What are your interests?
- What are you good at?
- How are you going at school?
- Plan and prepare your pathways
- Complete a draft package planner
