

Global Classroom Partnership

What does the Global classroom Partnership program offer?

Global Classroom is an initiative whereby students from partner schools spanning eight countries and four continents converge to collaborate and share ideas on educational themes. Annual conferences are held in participating countries alternatively. These conferences provide opportunities for students to speak on matters that are important to them, brainstorm current global environmental and political topics, share unique cultures and establish friendships with likeminded students from around the globe.

This is an enrichment opportunity provided to Academic Excellence Program Participants and any other interested students.

Participating Countries:

- Anderson High School, Lerwick, Shetland Islands
- Ridgewood High School, New Jersey, USA
- Somorrostro Centro De Formacion, Bilbao, Spain
- Gymnázium Zlín - Lesní čtvrť, CZECH REPUBLIC
- Graf-Friedrich-Schule, Diepholz, GERMANY
- Cape Peninsula High School, Cape Town, SOUTH AFRICA
- Bobergsgymnasiet, Ange, Sweden

GC Annual Conferences:

2021 GC Conference will be held in Graf-Friedrich-Schule, Diepholz, GERMANY in June 2021 provided international travelling is back to normal. A group of selected students will represent Australia at the conference. The cost of the excursion will be approximately \$4500 per student.

If you are interested in joining the 2021 excursion to Germany, please complete the EOI:
