Music A/T

Students have access to both acoustic and electronic instruments, or can choose to use their own equipment. Students in all courses have an opportunity to create, perform and record their own compositions in the music studios.

Students have many opportunities to perform at college in activities such as Arts Night, Lake Idol, Wellbeing Chill Weeks, Open Night, Graduation, the College Musical, as well as outside the college at competitions and concerts organised by other organisations.

A Course

Designed for any student wishing to develop their knowledge and skills in music. All levels of instrumental players are welcome, however some basic knowledge of music and instrumental experience is an advantage.

This course is mostly practical with students being given the opportunity to play their instrument individually and in an ensemble.

Basic theory and musicianship is covered to assist students in the written component of each unit. There are no compulsory units in this course and students have many opportunities to join the program.
